

Remarks

The specification has been amended to add the "Cross Reference to related application" section showing that this application is claiming priority to earlier US provisional applications.

After entry of the above amendment, Claims 1-7, 19-54, 59-75, and 78-81 will be pending in this application.

Pending Claims 5, 6, 15-17, 20, 23, 24, 33, 35, 38, 39, 46, 48, 50-52, 59-75, 78, and 79 are original claims.

Pending Claims 1-4, 7-14, 19, 21, 22, 25-32, 34, 36, 37, 40-45, 47, 49, 53, 54, 80, and 81 have been amended. Many of these pending claims were amended to merely remove multiple dependent claims.

Claims 18, 55-58, 76, and 77 have been cancelled.

Claims 13 and 32 were amended to add a period (i.e. ".") after the claim number that was inadvertently omitted in the original claims.

Claims 2, 13, and 14 were amended to add a comma (i.e. ",") after the dependency claim number in the preamble that was inadvertently omitted in the original claims.

Claims 1, 19, 34, 47, and 53 were amended to change the format for the carbon designation "3-8" in the group "C3-8 cycloalkyl" to "C<sub>3-8</sub> cycloalkyl" for R'. This change in each of these claims is merely a format change; otherwise the claims are as originally filed.

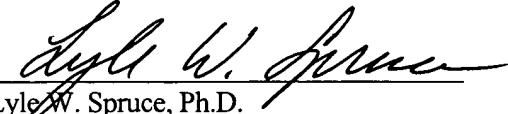

The pharmaceutical composition Claim 54 was amended to add the inadvertently omitted claim element "pharmaceutically acceptable excipient". Support can be found on page 133, lines 8 to 14, and in "Section 5.11 Therapeutic/Prophylactic Administration and Compositions of the Invention."

Claims 80 and 81 were amended to remove alternative language in the claims.

Applicants respectfully submitted that no new matter has been added by way of this amendment. The Commissioner is hereby authorized to charge any fees under 37 CFR §§1.16, 1.17, and 1.492 as required by this paper to Deposit Account No. 50-1441.

Respectfully submitted,

Date: June 22, 2006
